90 min. Matterhorn

The start in Beromünster is stress-free and uncomplicated. With the 4-seater Cessna, you can see the world from above. See popular ski areas, such as Sörenberg, Hasliberg or the tourist magnet Interlaken. The mediterranean flair of Lake Thun and Lake Brienz will take you on a journey to the Matterhorn. A round of the flight takes place over the Gomsertal, the Grimselpass and the Melchsee-Frutt. The winding Lake Lucerne with the ascending Pilatus and the Rigi makes the end of the flight an experience which has left nothing to be desired.

Please contact us if your weight is more than 85 kg.
